STREET POLE BANNER SETS

NTXPrint | Artwork setup guide

Choose your banner width and height on the product page.

Download the exact-size template generated for that selection.

ARTWORK SIZE = SELECTED BANNER SIZE

Widths: 18, 24 or 30 inches. Heights: 24 to 96 inches.

No added bleed or crop marks.

Upload front and back as separate single-page PDF or JPEG files.

Use CMYK color, 150 PPI at full size and outlined fonts.

Top and bottom pole pockets are 2 inches deep.

The template shows blue dashed seam lines at those positions.

Keep text and logos clear of seams and corner grommets.

Extend backgrounds to the edges, including the pocket areas.

Remove all template text and guides before submitting artwork.

Banner-only orders do not include mounting hardware.

Hardware-only orders do not require artwork.
