3M Vehicle Wrap Adhesive Vinyl

Custom-size artwork guide

Enter your finished dimensions on the product page.

Download the exact-size PDF template.

Build artwork at the ordered size. Do not add bleed.

Maximum 52 x 1800 inches, in either orientation.

Enter inches with up to two decimal places.

3M IJ180Cv3 cast vinyl with 3M 8518 gloss overlaminate.

One-sided eco-solvent color printing.

This template defines a printed panel, not a vehicle outline.

Confirm vehicle measurements and panel layout with the installer.

Include installation overlaps within the ordered panel dimensions.

One single-page PDF or JPEG; CMYK, 150 PPI.

Outline fonts and convert spot colors to CMYK.

Remove all template text, guides and crop marks.

Extend backgrounds to every edge.

The green line is a suggested inset, not added bleed.

Final printing, availability and actual shipping are reviewed.
